Choosing a high school for your child is an important decision.

This evening has been designed to simplify the high school choice process and to provide access for all parents to learn about different magnet high school programs available for 2018-2019. Please be on time! We will begin at 6:00 with an introduction that will provide important information. Parents and students will then be able to attend four different 20-minute sessions to learn about individual school programs. We encourage 8th grade students and their parents to attend this informative event. Choices applications will be available online beginning October 1! The deadline to apply is November 10. Do not miss out!
