Test Strategies

- Read the directions carefully.
- Preview the test.
Read through the test quickly and answer the easiest questions first..
- Read through the test a second time and answer more difficult questions
You may pick up cues for answers from the first reading, or become more comfortable in the testing situation.
- Read the question before you look at the answer.
- Read all the choices before choosing your answer.
- Eliminate answers you know aren't right.
- If you don't know the answer, always take an educated guess and select an answer. **THERE IS NO PENALTY FOR GUESSING.**
- When you are finished, review both questions and answers.
